

Theme	Medium-term Outcome (by 2028)	Local Areas*								
		MRF	C-K	MSB	MSC	A-W	AB	WC	NWC	AL
Biodiversity ⁶⁰	269,000 hectares of priority locations under sustained weed control	79,224	12,051	37,878	85,563	7,359	11,346	2,055	451	32,830
	1,660,000 hectares of priority locations under sustained herbivore control	134,001	18,373	48,342	786,116	75,118	34,254	448,911	1,750	114,045
	87,000 hectares of priority locations under sustained pest predator control	60,560	3,516	6,529	5,682	5,414	2,119	1,751		1,702
	3,450 hectares of revegetation in priority locations for habitat restoration	x	x	x	x	x	x	x	x	
	3,450 hectares of revegetation in priority locations for habitat connectivity									x
	730 hectares of priority locations permanently protected on private land									x
	Increased number of priority terrestrial and aquatic species supported by specialised conservation actions	x	x	x	x			x		
Improved amenity and recreational opportunities provided by terrestrial habitat		x	x	x	x	x	x			
Waterways	300,000 hectares of riparian land is protected or improved by targeted works programs	105,503			64,770		85,046	20,570	24,053	
	9,850 hectares of priority waterways are protected or improved by water regimes delivering against environmental, social and cultural objectives	8,603	413				66		681	87
	Improved amenity and recreational opportunities provided by regional waterways	x	x				x		x	x
	Increased mitigation of regional flood risks	x					x		x	
	Improved utilisation of urban water sources for environmental, social and economic outcomes	x	x							
Agricultural Land	Increased application of 'best practice' for soil health and productivity improvements									x
	Increased average area of agricultural land exceeding the 50% groundcover target									x
	Increase application of 'best practice' for water use efficiency and productivity improvements									x
	Maintain a net salinity credit balance on the BSM2030 salinity registers and remain compliant with obligations under Schedule B of the Murray-Darling Basin Agreement									x
	Maintain groundwater usage in the Murrayville Groundwater Management Area within required thresholds									x
Culture & Heritage	Increased number of cultural sites recognised, protected and enhanced	x	x	x	x	x	x	x	x	x
	Increased number of projects that incorporate and deliver on cultural objectives and priorities	x	x	x	x	x	x	x	x	x
	Increased area subject to Traditional Owner led practices to manage and heal Country	x	x	x	x	x	x	x	x	x
Community Capacity for NRM	Increased measures of Community Capacity for NRM (e.g. awareness, knowledge, skills)	x	x	x	x	x	x	x	x	x
	Average Landcare Group Health scores maintained at 'Moving Forward' or above	x	x	x	x	x	x	x	x	x
	Increased number and diversity of volunteers supporting regional NRM	x	x	x	x	x	x	x	x	x
	Increased number of private landholders supported to participate in NRM focused actions									x
	Increased number of opportunities for community based groups and individuals to deliver NRM focused actions	x	x	x	x	x	x	x	x	x
	Increased number of formal partnerships established and maintained that provide for co-operative and collaborative approaches to NRM planning, delivery and evaluation	x	x	x	x	x	x	x	x	x
	Increased number of opportunities for Traditional Owners/First Nations Peoples to reconnect to Country	x	x	x	x	x	x	x	x	x
	Increased number of formal partnership agreements between Traditional Owners and key NRM agencies	x	x	x	x	x	x	x	x	
	Increased number of programs that are co-designed and implemented in partnership with, or led by, Traditional Owners	x	x	x	x	x	x	x	x	

*Local Area abbreviations: MRF = Murray River Floodplain; C-K = Cardross-Koorlong; MSB = Murray Scroll Belt; MSC = Murray Sunset Complex; A-W = Annuello-Wandown; AB = Avoca Basin; WC = Wyperfeld Complex; NWC = North Wimmera Creeklines; AL = Agricultural Land.
